"In Summerrrrrrrrrr" Olaf ca. 2013

Pardon my Frozen reference, but June has arrived, and with it our summer season. As locals we know what else June 1st signifies, the start of storm season. As you've heard me preach before, please ensure you have your plans in place for your families, home, and of course your business(es). Be sure to update staff contact records, talk to your IT team to ensure you have remote access to any important/needed files, information, etc. If your server is physically in-house make necessary precautions, if cloud-based then easy-peazy for you!

Lastly on storm-prep, ensure you have updated info on your insurance plans, limits, and contacts. More great info on our Monroe County EOC site as well. Lastly, have a financial plan for your business pertaining to:

- Adequate reserves: should your business be non-operational for a short period of time
- Access to capital: have a line of credit set up with your bank; ensure you are set up for online banking as well
- Plan for staff: evacuation plans, contact info, payroll advances (if/as needed/permitted)

On a happier note, just last week your chamber board was honored to present and award ten (10), \$1,000 scholarships to MHS graduates, one of which was specifically awarded to a graduate going into a trade. The board also awarded \$5,000 in continuing education grants to business-members. Additionally, the Board donated \$1,000 to FIRM to continue their efforts in keeping wind insurance rates down, as well as another \$1,000 to our MHS football program. Your chamber loves giving back to our businesses and students to support the present and future of our workforce and community.

We hope to see you at our June networking events as well, more details via our weekly eblasts, online event calendar, or on our Facebook page:

- Business After Hours: June 11th at 5:30pm @ Lighthouse Kitchen & Bar
- Membership Luncheon: June 17th at 12:00pm @ Faro Blanco Resort Conference Room

Have a great June everyone! Please remember (if you haven't already) to send in your membership renewal dues (chamber and visitor center) that were sent out earlier this year, online payment on our website is now available for your convenience. We greatly appreciate your membership with us and look forward to continuing to serve, support, promote, and advocate for your business. Please never hesitate to contact me to help you in any way.

Most Respectfully,

THE BARNACLE BOYS

Your Local Boat Lift Cleaning & Maintenance Company

Established in 2024, The Barnacle Boys is your local solution for keeping elevator boat lifts clean and functional. Founded by two lifelong Big Pine Key residents, we understand firsthand the challenge of maintaining boat lifts in the Florida Keys. As boat owners ourselves, we used to struggle with lift malfunctions caused by barnacle and algae growth. That experience drove us to create The Barnacle Boys so we could help others avoid those same problems. We're two young entrepreneurs who grew up in the Keys and care deeply about our community and environment. We use eco-friendly, manual cleaning methods that avoid harmful chemicals — protecting the ocean and the boats we love. We offer single-time and scheduled cleaning and maintenance for homeowners and absentee owners alike. Our services include complete underwater barnacle and algae removal, high-pressure greasing, zinc cleaning and replacement, and electrolysis inspections. We take pride in delivering honest, dependable work and making sure every lift we service is ready for action. Give us a call today and let The Barnacle Boys keep your lift clean, safe, and looking its best!
